Reducing barriers to the national breast cancer screening programme for women with a learning disability

Sam Screatton (Leicester, UK)

Supporting women with intellectual disability attending breast cancer screening
Diane Willis (Edinburgh, UK)

Session 6 Genetics in cancer linked to intellectual disability

Syndromes, cancers, genes, and their relationships

Raoul C M Hennekam (Amsterdam, The Netherlands)

Trisomy 21: a genetic system to study modulation of cancer, ageing and neurodegeneration
Dean Nizetic (Singapore)

Chromatin-remodeling complexes' role in cancer and intellectual disabilities.

Pedro P. Medina, María Isabel Rodríguez, Juan Carlos Álvarez-Pérez, Isabel F. Coira, Álvaro Andrades, Marta Cuadros, Bárbara Cañizares-Montoro, Daniel García-García, Eva Rufino-Palomares, Amalia Pérez-Jiménez, José Antonio Lupiáñez. (Granada, Spain)

Session 7 Cancer biology the context of intellectual disability

Conditions with intellectual disability which protect against cancer

Daniel Satgé (Montpellier, France)

RIP140/NRIP1, a gene at the crossroad of hormone signaling, breast cancer and Down syndrome.

Vincent Cavaillès, Catherine Teyssier, Sandrine Bonnet, Audrey Castet-Nicolas, Marion Lapierre, Stephan Jalaguier (Montpellier, France)

Selected posters

Selected posters will be presented by a short talk

Friday October 12**Session 8 Cancer in children**

Cancer in children and young people with intellectual disability

Diane Willis, Wendy McNally, Isla McGlade (Edinburgh, UK)

Acute lymphoblastic leukemia in children and adolescents with Down Syndrome

Uma H Athale, Lewis B Silverman, (Hamilton, Canada; Boston, USA)

Session 9 Supportive care

Talking about death with people with intellectual disabilities: a survey of UK residential care staff

Irene Tuffrey-Wijne (London, UK)

Timely identification of people with intellectual disabilities in need of palliative care: development of a tool for practice

Cis Vrijmoeth, Cis Vrijmoeth, Marieke Groot, Michael Echteld, Kris Vissers, Pim Assendelft (Apeldoorn, Pays Bas)

Booklets to explain the cancer journey to people with intellectual disability

Irene Tuffrey-Wijne (London, UK), Stine Skorpen (Tonsberg, Norway), Daniel Satgé (Montpellier, France)

Build a Nurse. Key skills for acute staff to meet the needs of people with intellectual disability

Diane Willis, Roddy Dick, Isla McGlade, Linda Stevens (Edinburgh, UK)

Session 10 Cancer distribution in people with intellectual disability

Breast cancer in women with intellectual disability. A 22 cases series

William Jacot, Sarah Habib-Hadef, Faiza Bessaoud, Brigitte Trétarre, Daniel Satgé (Montpellier, France)

Malignant melanoma in people with intellectual disability

Candice Lesage, Bernard Guillot, Sarah Habib-Hadef, Faiza Bessaoud, Brigitte Trétarre, Daniel Satgé (Montpellier, France)

Features of colorectal cancers at diagnosis in people with intellectual disability

Daniel Satgé, Sarah Habib-Hadef, Brigitte Trétarre, Faiza Bessaoud, Emmanuelle Samalin (Montpellier, France)

Conclusion

Pr Jacques Rouëssé, French Academy of Medicine (Paris, France)

Pr Jean-Bernard Dubois, Oncodéfi (Montpellier, France)
